Ft. T-Pain

[T-Pain]

You ain't gotta know what I'm sippin on baby I'm
straight
I'm an independent woman
You been listenin to the radio
You aint gotta buy me a drank
But if you wanna hit the dance floor and get it on
Baby boy that's cool
I may look like a good girl but I'm bout to show you
what it do

[Chorus]

Watch me boy
Imma get it poppin
Drop it
Stop it
Watchin me
Pop it, lock it, drop it
You know I got it
Lean it, rock it
Drop it on you

Imma get it poppin
Drop it
Stop it
Watchin me
Pop it, lock it, drop it
You know I got it
Lean it, rock it
Drop it on you
[Jeff Johnson]

Ok you everything I wanted
I fall in love quickly
Speakers beat intensely
I need to lean to kiss me
Especially when you grind
I love the way you wind
Girl if you was mine I'd get you all my time

I know you got me hooked
You the center of attention
You the most attractive
I'm the most convincing
The summer in miami
A winter off in denver
First time I saw your face
Girl is all I can remember
You looked me in my eyes
Your body is pefection
Perfect white smile
And your perfect bra completion
Swear I want you now
Baby girl drop it
Want this shit forever
You don't ever have to stop it
Yeah!

[Chorus]
Imma get it poppin
Drop it
Stop it
Watchin me
Pop it, lock it, drop it
You know I got it
Lean it, rock it
Drop it on you

Imma get it poppin
Drop it
Stop it
Watchin me
Pop it, lock it, drop it
You know I got it
Lean it, rock it
Drop it on you
[Jeff Johnson]

(If you ever fell in love you can relate to this one)

Cause sometimes she know
Like when you drop it low
Baby rock fast
And then she drive slow
She kiss me with her tong
I think that she the one
I'm bout to go home and I think she wanna come
So while I cook her meal
She sittin (?)
I swear she unbelievable
She everything I need

And I've been "voting clean"
Since the day I got my licence
Wet lip gloss, lick lips, she's so enticing
She can tell I like it
She know what I like
I love it when she drop it
Love the way she rides
It's cold outside
Lil mama on my side
It's when she drops her tong
And she tell me come inside
Yeah!

[Chorus]
Imma get it poppin
Drop it
Stop it
Watchin me
Pop it, lock it, drop it
You know I got it
Lean it, rock it
Drop it on you

Imma get it poppin
Drop it
Stop it
Watchin me
Pop it, lock it, drop it
You know I got it
Lean it, rock it
Drop it on you
