The first time's not the last time  
You carry on for nothing  
If nothing feels right, it's all alright, 'cause it's all the  
same to me  
The same line all the right times  
You push yourself for something  
When nothing works out, it's all about all the things you  
should have been

And right now  
I'm finding out  
I'm leaving now  
I won't waste my time  
With a hand that's not mine

Fire away  
We're drifting the same  
My mind in the clouds for miles now  
I feel stupid 'cause I feel useless  
And still the same  
Time is time  
It's always changing  
All my life's been ruled by reason  
I've been on ice for nights  
And still the same

An unwanted escape has left me better and ashamed  
Of all the tings I see surrounding me  
I'm not here to play this game

I'm not running away

I'm still waiting, nothing's changing  
(You've got to give up)  
If you're weighing what you're saying  
(You've got to give it up)
