Don't say goodbye  
Don't even think about it  
Don't let it even cross your mind

Things will be fine  
And there's no doubt about it  
I always knew that we'd survive

So hold me close  
Never let me go  
I need you now  
More than ever before

Don't change your mind  
Don't even turn it over  
Not after all that we've been through

Don't say goodbye

So hold me close  
Never let me go  
I need you now  
More than ever before

Don't say goodbye  
Don't even think about it  
Don't even let it cross your mind  
And please don't ever say goodbye

Don't say goodbye  
Don't say goodbye  
Don't say goodbye  
Don't say goodbye

Don't say goodbye
