One, two, three...

Tell me I'm mistaken
I must be kinda slow
But the only time you ever cared
Was when you needed more ... easy money, easy
money
You got out of control and you sold your soul for easy
money

If you see a sucker standing at your door
Bring him in and make him grin
Then take him to the store
Easy money, easy money
Watch out from above
You broke into the bank of love
Easy money

Some people never learn to stop when they've had
enough
Easy money, easy money
Some people only have to shop when the going gets
tough

I've come to the conclusion it's like the old man said
The only thing you gave me was shit and promises
Easy money, whoa whoa whoa, easy money
One day you'll have to earn all the money that you burn
Easy money

Take it, Jeff

Easy money

Wha, wha, yeah

Some people never learn to stop when they've had
enough
Easy money, easy money
Some people only have to shop when the going gets
tough

Funny thing about it
Don't even make me blue
'Cause there's no better deal around
Than saying goodbye to you
Easy money, easy money

You snatched that cash right into your stash, easy
money
You got out of control and you sold your soul for easy
money
Easy money, woo woo woo, easy money
