I was once quite confused, so down and lost in a maze
I had so many questions, so I began to pray
I wasn't one of the few who claim they have all of the
answers

I was one of the many hoping for a better way
My life's been a journey, heading slowly for the station
Now I've come to realize, what's gonna take me to my
designation

Lift up your hearts and your voices, as we travel down
the lonesome road

Trusting in the power that guides our souls, someone
has to know more than we know

I see visions of better things than we could imagine
Just look around and see the wonder of his great
creation

Before the cloudy days was life, now let's get together
and pray (Pray)

Everybody touch somebody, hold somebody as we
pray.

Everybody yea, yea.

Oh yea.

Everybody feel somebody, love somebody as we pray
(as we pray)

(Pray)

Everybody help somebody, know somebody as we pray
(as we pray)

(Pray)

Yea, yea, yea.

(Pray)

Everybody touch somebody, hold somebody as we
pray (as we pray)

(Pray)

Everybody feel somebody, love somebody as we pray.
(Pray)

Everybody help somebody, know somebody as we
pray.

(Pray)

Touch somebody, hold somebody, help somebody,
know somebody as we pray.

(Pray)

Everybody help somebody, love somebody as we pray
(as we pray)

(Pray)

Everybody love somebody, feel somebody as we pray.

(Pray)

Touch somebody, love somebody, care for somebody,
share with somebody, everybody as we pray

(Pray)

Everybody as we pray.
