Tears in your eyes like a diamond on your face  
Leaving behind all the memories you've embraced  
It's all so uneasy, this fear of being on your own  
It's all the illusion of being alone  
The only solution is 2 hold your head up high  
Sad's the emotion u must fight  
(Chorus:)  
Though time is upon us  
We don't have 2 say goodbye  
Instead there's tomorrow we'll see u again  
Through all the confusion  
We wont ever say goodbye  
We'll see u 2morrow, beginning 2 end  
Where are u now, have u finally found your way?  
Do u still remember all the things u tried 2 say?  
Now all the expressions are blowing in the wind  
& all of your feelings are strangers within  
But don't u surrender, don't u ever she'd a tear  
Love survives  
(Chorus)  
Now don't u surrender, don't u ever she'd a tear  
Love survives  
(Chorus)
