Another night has gone
I feel I want 2 do it all again
Im hoping u feel the same
Years have past since we were last 2gether
U vowed ud be there till the end
I hear u call my name
Through the dark of the night
2gether we will fly
I'll never let u go
Ill never say goodbye
2morrow I'll be gone
The memories of u I celebrate
Until we meet again
Words cannot express my feelings
A thousand times I'd like 2 say
Ill sing u many thanks
Through the candlelight
2gether we will fly
I'll never let u go
Ill never say goodbye
So do u wanna stay the night?
I will devote 2 make u feel alright
Ill never let u down
Im always gonna be around
As I look into your eyes
I send a vow 2 make u feel alright
Ill always be the 1
& Until the morning sun comes again
& Bears its' divide I'll be by your side
& Through the dark of the night
2gether we will fly
I'll never let u go
Ill never say goodbye
So do u wanna stay the night?
I will devote 2 make u feel alright
Ill never let u down
Im always gonna be around
As I look into your eyes
I send a vow 2 make u feel alright
Ill always be the 1
& Until the morning sun comes again
& Bears its' divide I'll be by your side
