Insatiable, u come 2 me
I'm here 2 set u free
I'm gonna liberate your mind
Leave forbiddance behind
Colour me with everything u do (feeling high & crazy)
Fill u with my sexual taboo, yea yea
We're doing time 2night
We'll burn until the morning light
We're going down 2night
Won't stop until the morning light
Your blatant sexuality
Just say how u want me
Don't think it's just a sensual fling
But u d-define my swing
Show me all the other sides 2 love (feeling high &
crazy)
Show me everything you're really made of
(Chorus)
