There's a time & place 4 everything u say & do  
I don't know where u think u got the right, the right the  
rule my life  
If u think u got me on a string  
U'd better take another look at yourself, aint hard 2  
satisfy  
Doesn't really matter what I do or say, no  
But you're pushing me away  
There's something about u got me drowning from your  
love  
Don't wanna let u down again  
I gotta confess I'm really drowning from your love  
& I wont go down, don't let me down  
Why do u insist on constantly bringing me down  
When all I do is convey, convey 2 your desire  
Nothing but frustration time & time & time again  
You're driving me 2 escape & reach 4 something  
higher  
All the things u said are ringing in my ears  
& you're pushing me away  
There's something about u got me drowning from your  
love  
Don't wanna let u down again  
I gotta confess I'm really drowning from your love  
& I wont go down  
There's something about u got me drowning from your  
love  
Don't wanna let u down again  
I gotta remake I'm really drowning from your love  
& I aint going down again  
There's something about u got me drowning from your  
love  
Don't wanna let u down again  
I gotta confess I'm really drowning from your love  
Aint going down
