Write a letter, baby, join the big Parade  
Talk a rhyme, I'll spend my spend my time, time with u  
Heal me with your love songs, till the stroke of dawn  
We'll b screamin' skies of gray in the shade, oh, in the  
shade  
Sexuality, surroundin' u & me  
A psychadelic playground in a world of colours  
5'10", '69, slide on over baby, take me 2 the sky  
Tell me everything, that's on your mind, on your mind  
All I gotta say 2 u baby  
Is that u really gottit goin' on?  
U really gottit goin', yea  
Slow dancin' shake 2 the groove  
Round & round & round, meet in the middle  
High-tech TV child, let me tell it 2 u in black & white  
Audio-video, candlelight, I'm by your side, oh by your  
side  
Let me tell u 1 more time, baby  
Is that u really gottit goin' on?  
U really gottit goin', yea  
All I gotta say 2 u, baby  
Is that u really gottit goin' on?  
U really gottit goin', yea
