Awoken by the tears & anger, a sudden flood of cries  
10 days past the 1st September, 4ever changed our  
lives  
How could there be any mortal so soulless & cold?  
2 predict our fate, with such ruthless hate  
Well, only heaven knows  
Only heaven knows our destiny  
Only heaven knows what's meant 2 be  
All prayers 2 sisters/brothers who died 4 u  
Solace 2 fathers/mothers we'll stand 2gether, we'll all  
start anew  
I fight 2 see past through the vision, of clouds that fill  
the skies  
But all I see is dissolution, as chaos fills our eyes  
Why are we the hapless chosen of one's evil aim?  
2 divide our ways, 2 conspire our days  
Well, only heaven knows  
Only heaven knows our destiny  
Only heaven knows what's meant 2 be  
All prayers 2 sisters/brothers who died 4 u  
Solace 2 fathers/mothers we'll stand 2gether  
Heaven knows, it's now or never, heaven knows  
Awoken by the tears & anger, a sudden flood of cries  
10 days past the 1st September, 4ever changed our  
lives...
