In my mind so clear I never let u get away
& thru the years gone by
I knew I'd finally cross your path someday
Well, Im dying
In my soul divine (I missed every sign)
Didn't know what I had till u went away
In my soul divine (I crossed every line)
I've seen my darkest days
I - I - I'm left regretting
I - I - know you're not 4getting
U only brought me light
Even on the days I brought u pain
U always saw through darkness
& now I'm left alone in the shame
In my soul divine (I missed every sign)
Didn't know what I had till u went away
In my soul divine (I crossed every line)
I've seen my darkest days
I - I - I'm left regretting
I - I - know you're not 4getting
In my soul divine
In my soul divine
In my soul divine (I missed every sign)
Didn't know what I had till u went away
In my soul divine (I crossed every line)
I've seen my darkest days
In my soul divine (I missed every sign)
Didn't know what I had till u went away
In my soul divine (I crossed every line)
I've seen my darkest days
I - I - alright
I - I - that makes you wonder
Yeah - Yeah - that's it, baby...
