It's 6 a.m., the mornings still
She knows heaven's just outside her door
When he wakes up, she'll long b gone
It's time 2 fly

Withered years & broken tears
No1 could 4see he'd go this far
But u held on, u just by your man
Nevermind the lies

He vows never again, he swears he's gonna change
But u've heard it all b4, it always ends the same

This ain't the love, this ain't the love
U used 2 know
This ain't the love, this ain't the love
He used 2 show

Runaway 2 resurrection
But u never really get that far
U turn around feelin' wrong 4 leavin'
& so it goes again

He breaks down & says he's sorry
But the tears soon turn around
& once again the rain is pourin'
Will it ever end?

No1 quite really knows how u endure the sorrow
Behind those innocent eyes is some1, someday will
know

This ain't the love, this ain't the love
U used 2 know
This ain't the love, this ain't the love
He used 2 show

Remember how u used 2 smile
The way u used 2 laugh all day
All the dreams u knew as a child
R not 4 reach, not so far

It's 6 a.m., the mornings still
She knows heaven's just outside her door
When he wakes up, she'll long b gone
It's time 2 fly

This ain't the love, this ain't the love
This ain't the love, this ain't the love
He used 2 show

This ain't the love, this ain't the love
This ain't the love, this ain't the love
He used 2 show
