I remember when  
And where I was  
When I got the news

All alone again  
Sittin' in another  
Hotel room

I was wishin' for just anything  
That could change the same old way  
I spend my day

Then a pleasant voice called on the phone  
And informed me of a miracle  
That came my way

And I opened the window  
Looked up to the sky  
And I sang

God's blessed me  
I have a son  
A baby boy  
Made from our love

I always dreamed of this  
A baby boy to kiss  
And share my name

To teach him wrong from right  
Explain the joys of life  
And show the way

I know sometimes we are given gifts  
That turn gray skies into blue  
Just like it did that day

All the things that bring eternal bliss  
That make our dreams come true  
And take away all pain

So I fell to my knees  
And I thanked the good lord  
With all praise

God's blessed me  
I have a son  
A baby boy  
Made from our love

Waiting anxiously  
I thought the time would never come  
When I could hold you in my arms  
And shower you with all my love

But finally you were given to me  
The most beautiful thing  
That I've ever seen  
A feelin' even I could not believe,  
Yeah

God's blessed me  
I have a son  
A baby boy  
Made from our love

God's blessed me  
I have a son  
A baby boy  
Made from our love

God gave his love my son  
Thank you for my son
