I know that you've gone away  
And you're afraid  
Of what you feel inside  
And I know that it's much too late  
But it's okay  
It's time to ease your mind

At first I had trouble just letting you go  
It all was a blur I was losing control  
But now I can see that it's better this way  
The choices I made pushed you further away

So go on with your life  
I won't stand in the way  
Cause I know that tomorrow  
will bring better days

And I made some mistakes  
But I want you to see  
That I finally realized that we are  
Not meant to be

Tryin to find a way to make you stay  
And keep you here with me  
But I know that the greatest gift  
That I could give  
Is just to set you free

So I'm steppin aside gonna swallow my pride  
Cause I know you deserve more outta life  
And you have all my blessings you'll be in my prayers  
And just know if you need me I'll always be there

So go on with your life  
I won't stand in the way  
Cause I know that tomorrow  
will bring better days

And I made some mistakes  
But I want you to see  
That I finally realized that we are

Not meant to be

You're everything that I wish I could be  
And I can't describe what your love means to me  
Your tender heart and compassion so sweet  
Is somethin' for the whole world to see

So go on with your life  
I won't stand in the way  
Cause I know that tomorrow  
will bring better days

And I made some mistakes  
But I want you to see  
That I finally realized that we are  
Not meant to be

Go on with your life,  
I won't stand in the way  
Cause I want you to know  
There will be better days

Go on with your life,  
I won't stand in the way  
Cause I want you to know  
There will be better days
