There's something I gotta tell you
This love is one to hold on to
We share something that we both can't deny
And I want you to know how I'm feeling tonight

You gave me reason to hold on
When I was down you made me strong
(thank you baby)
I'm not too proud to express how I feel
Cause I know in the end what we have is for real

chorus:
It seems I'm caught in our dreams
Somethings are meant to be
Can't get you out of my mind,
Forget this ecstasy
So my heart I will send,
I'm glad we're more than just friends
I keep thinking about you, baby, over and over again

I can't believe how much we've grown
That special feeling I never have known
Fond memories I hold closely inside
And I never will let them escape from my mind

Feverish chills when you touch me
Living my life is a fantasy
Beautiful angel from heaven above
And you brighten my life with the essence of love

(chorus)

No matter where you are
No matter what you do
Just look upon a star
And know that I'll be thinking of you

(chorus)

No matter where you are
No matter what you do

Just look upon a star...
Over and over again....
