Passionate lady
Your smile drives me crazy, yeah
But maybe you can't see
All the things you do to me, yeah

Come a little closer by my side
I'll shower you with flowers through the night
And we'll make love
And never stop

Stay with me
Stay with me tonight all night
Stay with me
Stay with me tonight
For the rest of all time

Have I told you lately
I love your face your hair
With you nothin' phases me
I can live without a care

Come a little closer by my side
I'll shower you with flowers through the night
And we'll make love
And never stop

Stay with me
Stay with me tonight all night
Stay with me
Stay with me tonight
For the rest of all time

Stay with me
Stay with me tonight all night
Stay with me
Stay with me tonight
For the rest of all time

Girl I like the way you move
And the way your skin's so smooth
All I want for you to know

I'll hold you close
And won't let go
Girl all you gotta do is

Stay with me
Stay with me tonight all night
Stay with me
Stay with me tonight
For the rest of all time

Stay with me
Stay with me tonight all night
Stay with me
Stay with me tonight
For the rest of all time
