Oh, I just look at you and I'm hypnotized  
Like I'm drowning now, drowning in your eyes  
You are beautiful, past imagining  
And I want you more, more than anything

And I cannot speak and I've lost my sight  
All my senses gone, lost in you tonight  
And I want your love  
Be my lady, be my lady, be my lady!

Do I ask too much? Do I want too much?  
Want to know you now, want to feel your touch  
You just look at me, feel the fire start  
Want to make you burn, want to touch your heart

And I cannot speak and I've lost my sight  
All my senses gone, lost in you tonight  
And I want your love  
Be my lady, yeah, be my lady, be my lady, lady  
C'mon girl

Got a racing heart and my mind's a roar  
Never felt like this, never loved before  
And it's dangerous, I would willingly  
Burn to ashes now if you'll stay with me

And I cannot speak and I've lost my sight  
All my senses gone, lost in you tonight  
And I want your love  
Be my lady, yeah yeah  
Ooh, you know love you now  
Be my lady, won't you be my girl?
