Oh, what can I tell you now, Caroline?
Should I hurt your feelings or keep on lyin'?
One thing leads to another and another
And another and another, besides you always know
Whenever I wanna make love

And you always know all the changes
I'm going through, just as if you can read my mind
Caroline, you know everything I do
There just ain't no words to describe
How I feel inside for you

Yet somewhere out there
Waitin' on a wonder, you'll lend wings to my words
Somewhere when the band is gone
And the music of my song is just right for lovers

You're what I want more than anything else
I love you, yes I do but I know
When I'm all by myself, nothin' is real
But my feelings and desires for you

And everything looks like some sort of scenery
Stored in an empty theater, with stars on the ground
Fences in the sky and tears in the curtain of time
Oh, what can I tell you, my Caroline?

Except yet somewhere out there
Waitin' on a wonder, you'll lend wings to my words
Somewhere when the band is gone
And the music of my song is just right for lovers

Caroline, your lovin' keeps me rollin'
Rollin' all the time, rollin' all the time
Baby, somewhere out there, you really roll me
Roll me away, baby, somewhere out there
You roll me, roll me away

And when the melody makes me surrender
Dark eyed girl, I always remember that you love me
Somewhere out there, you really love me in time
To the music, how you love me wildly in my heart

Girl, you love me, you roll me away

You always fill my heart with wonder
You always fill my soul with love
You always fill my lips with kisses
You always fill my eyes with tears

It's like a wind from the other side of the world
Like a far off pack of hounds, sounds like
A whole universe throbbin' with life, I get so hypnotized
In the lights, just like the gaze of a mantis

Why even Atlantis sank beneath the waves in a day
And a night, oh, in a day and a night I could write
You a symphony, it would be just like a bird
And carry my love over the mountains

'Cause somewhere out there
Waitin' on a wonder, you'll lend wings to my words
Somewhere when the band is gone
And the music of my song is just right for lovers

You always fill my heart with wonder
You always fill my soul with love
You always fill my lips with kisses
You always fill my eyes with tears

Cry Caroline
