One time ,run around,  
Don't look and for me to go your way  
You left me here with out anything to love  
I'll tell you  
I've had enough of your  
hands running round my brain,  
And I've had have enough  
of the way that you cause me pain

So slow down, run around your other side,  
Walk with me instead tonight  
We could be near like we use to be before  
Ahh girl, I need more of the times that  
you turned me round  
And there's no time to turn  
away love I've found  
So couldn't we forget about today , start again from  
where we were  
We use to dance out to space without a care  
And our laughter come ringing and singing we rolled  
round the music,  
Blinded by colors come crashing from flowers that  
sway as you stay here by me .

Slow down, run around  
Your love is soft

Walk with me instead tonight  
We could be near like we use to be before  
Ahh girl, I need more of the times that  
you turned me round  
And ..there's no time to turn away love  
I've found  
Run around

Lifetime run around  
Don't look back and for me to go your way  
You left me here with out anything to love  
I'll tell you  
I've ..had enough of your hands running round my  
brain,  
And I've had have enough of the way that you cause

me pain  
Well run around.
