I love you so you'll never know  
Don't ever stop believing  
Out of our minds time after time  
It's such a crazy feelin'

Feelin' good feelin' high  
Feel so free I wanna fly  
Feel the sun feel the ground  
Feel it just go round and round

I wanna stay day after day  
And just a little longer  
You close to me I gotta be  
You know the love gets stronger

Ooo turnin' like a wheel  
Changin' it to real  
Whenever we are one  
It's true it's always me and you  
Thru any kinda weather...
