You know it's been a long, long road  
Since I packed up and left on my own  
And I carry a heavy load  
Just tryin' to get back to her heart

I sure ain't got no home  
I seem to find love where I ramble  
When it's time to go  
I hear that voice again, sayin'

Find your way back  
Find your way back to her heart  
Find your way back  
Find your way back to her heart

Leave a message with the rain  
You can find me where the wind blows  
The snow across the pain  
And the frost upon the heart

You got no place to be  
Still you wonder where you're goin'  
Why I had to leave  
I hear a voice and it said to me

Find your way back  
Find your way back to her heart  
Find your way back  
Find your way back to her heart

To her heart, come on

I know it's too late now  
But, I wish I could go back in time  
And start all over somehow  
And get it right from the start

Find your way back  
Find your way back to her heart  
Find your way back  
Find your way back to her heart

Find your way back  
Find your way back  
Find your way back  
Find your way back

Find your way back  
Find your way back  
Find your way back  
Find your way back
