Oh, Jesus we live in such a special place

What do we do to deserve this fate

How long can it last what must be done

To keep it like heaven for our little children

I'm on fire

I'm on fire

Falling in love in times of war

I'm on fire

This is for Kennedy

This is for love

This is for Tienanmen square

This is for America

Falling in love in times of war

These are the days for remembering

Kennedy King Tienanmen square

These are names worth remembering

I'm on fire

I'm on fire

Falling in love in times of war

I'm on fire

I walked strange shores in search of my country

I been away talking to the aliens
If we don't do something soon
The earth is gonna look just like the moon
I'm on fire
I'm on fire
Falling in love in times of war
I'm on fire
Where were you when the word was changing
Where were you when the passion was new
Stand a little closer to the fire
These are times worth remembering
Setting my tongue on fire
Writing in the book of people
My guitar it will not sleep
Remembering all the people.....the warriors
I'm on fire
I'm on fire
The bravest of all are falling in love
People on fire
From the red square to the Berlin wall
The Baltic sea to the streets of Managua
People on fire ... words on fire
I'm on fireworlds on fire
Next is Washington
Next is America

I'm on fire.....!!!
