

Jefferson Starship "All Nite Long"

Visit "[All Nite Long](#)" on MotoLyrics.com

If only the music would keep on playing
If only I could dance with you
If only I could keep on singin
All nite long, all nite long
If only we could dance toghether
All nite long, all nite long
If only we could keep this feelin
Make it last all nite long

Waitin for the next wave
Wonder what's it gonna be
Waitin for the next
All nite long, all nite long

Whoa oo oh the dawn comes up like thunder
Somebody give me a light I need a little
Help thru the darkness
Just a little light
Enough to get me home
All nite long, all nite long, all nite long

Sometimes the music's a doorway
Out of the darkness into the light
Climb the dream I can make you dream
All nite long, all nite long
See the ruins of a once mighty castle
A land where the sun casts no shadow
Sings and wonders the sund of thunder
All nite long, all nite long

Step into the sky you won't
Fall I'll tell you why
You got to be a sky rider
All nite long, all nite long

Whoa oo oh your love come up like thunder
Somebody give me a light I need a little
Help thru the darkness
Just a little light
Enough to get me home
All nite long, all nite long, all nite long

I can read your mind an I know
What you're thinkin
I can see your mind just as clear as my own
The pictures I see they all tell a story
Bout where we been and where we're goin
Tonite if only the music would keep on playing
Tonite if only I could dance with you
Tonite if only we could keep on singin
All nite long, all nite long, all nite long

Tonite keep on singin dancin
Take me home
Bring it home
Tonite
All nite long
