

Jefferson Starship "Black Widow"

Visit "[Black Widow](#)" on MotoLyrics.com

She had wraparound legs
And she was twice his size
And when he saw her red thing
He was hypnotized

She just lying there waiting for him
Stretched out on a silky bed
She got sheets like a net
Made out of silver thread

He say, "I'm comin' at you, baby
Look out when a bull sees red"
He just had to do it
He jump right into her web

Well, she shake those long legs
Till he's weak in the knees
He say, "Baby you're the best thing I'll ever see"

Take my love, you'll find heaven in the morning
Take my love and I'll carry you away
Take my love, you can have it if you want it
Take my love, take my love

Well, she wrap him up
Just looks like a silky dream
He say, "Awoo" with a satisfied scream

She take all his love then she be movin' on
But she be lookin' so good
He say, "I got to have some"

Take my love, you'll find heaven in the morning
Take my love and I'll carry you away
Take my love, you can have it if you want it, honey
Take my love, take my love

Take my love, take my love
Take my love, my love

Take it sucker

She come on so strong
Just can't get away
When she say, "Come here baby"
That's all she need to say

Then he jump right into the trap
He got a one-track mind
Black widow smiles
She say, "Now he's all mine"

Take my love
(You'll find heaven in the morning)
Take my love
(I'll carry you away)

Take my love
(You can have it, you don't you wanna, honey?)
Take my love
(I'll carry, carry, carry you away)

Take my love
(You can take it, you can have it if you want it)
Take my love
(I'm gonna carry you away)

Take my love
(Woman this will be your last night to take again)
Take my love
(I'm gonna carry you away)

Take my love
(Woman, you can have it if you want it)
Take my love
(I'm gonna carry you away)
