I've had desert visions  
When the moon is shining bright  
In the end of the rainbow promise  
Almost in my sight

Sat with my back against cold stone  
Waiting for the morning light  
And all the things I've seen in dreams  
Have kept me up all night

Always reaching to the sky  
Soft hard stone  
I'm sitting here and thinking  
'Bout all the centuries it's known

I got a feeling, someone's near  
Listening to the east wind moan  
You know there's no one here  
But I just don't feel alone

Fading Lady Light  
Always here with me  
Singing your song in the wind at night

You know I've never felt so free  
You're my reality  
Don't you fade away from me, no

The wind, it paints your face  
As it stirs the shifting sand  
Nightmare creatures closing in  
They leave at your command

If only you were beside me now  
Maybe I would understand  
And I could leave my dreams for life  
To live the dream we planned

Fading Lady Light  
Always here with me  
Singing your song in the wind at night

You know I've never felt so free  
You're my reality  
Don't you fade away from me, no

Don't you fade away from me  
Don't you fade away from me
