Here I am  
Even though  
I said I would go

Think by now  
You should know  
Darling I love you so

Arguments are just a trial  
Only lasting for awhile  
Just a smile from you  
Will make me say, "I will stay"

I will stay with you  
Love you always like today  
We got a love that lasts forever, yes, we do  
And darling, I will stay with you

In a rage  
Out of spite  
We say things we know aren't right

But my love  
When it's over  
When we're together in the night

And we're making love this way  
You know that I will stay  
Never go away from you  
I will stay with you

I will stay with you  
Love you always like today  
We got a love that lasts forever, yes, we do  
And darling, I will stay with you

I will stay with you  
Love you always like today  
We got a love that lasts forever, yes, we do  
And darling, I will stay with you

And darling, I will stay with you

I will stay with you
