I'm gonna make one hour in inte
Just a few minutes
I'm gonna get two days for the
Price of one
There's a one word rhyme
And that's called living
There's a one word love
Means plenty of giviing
I'm gonna give it 'til I'm done
But everybody keeps telling me to
Take it easy
But time doesn't sit down and wait
While I'm trying to get it done
But you're not me, thank god
You can take your time slowly
Makes me fell good just to watch
You lie down and have your fun

Take your time
Take your time
And I'll take my own time
(repeat 2x)

I can take it slowly or you can keep
Runnin' on runnin' on
When I put one foot in front of
The other
To me that doesn't mean walk that
Means run
I always want to start the race
Before the gates open
I always want to start the race
Before I hear the sound
Of the gun
But everybody keeps tellin' me to
Take it easy
But time doesn't sit down and wait
While I'm trying to get it done
But you're not me, thank god
You can take your time slowly
Makes me fell good just to watch
You lie down and have your fun

Take your time
Take your time
And I'll take my own time
(repeat 6x)

You say it'll take a you year

I say just take me a second
But there's room for both of us
Just open the room
You know a year of time sees so
Many changes
And the speed of light in the black
Of night
Makes a full moon...
