You're a diamond in the sky
All the bad things pass you by
When such a feeling come to you (come to you yeah)
Cast no shadow on the truth

Sometimes it seems so heavy
For us to understand yeah
But the sprit has been with us, yeah
Since the start of time

The answer to our problems
Enjoy the spice of life, yeah yeah
Things ain't right always, hey
Out of sight out of mind

Say, I don't know where I'm going, yeah hey
But I know I'll soon be there, yeah
And where ever it is I'm going
I know the answer will be waiting there, yeah ow yeah

We all know who we are (hey
Who we are
Who we are (hey hey hey heyhey yeahyeah)
We all know who we are (alright)
Who we are
Who we are (who we)

You know and I know

And the crisis that we live in
We need a light to shine
And the light will surely take us
If you see that its, that its a sign

Ooh we always know who we are
Who we are
Who we are
We always know (always always know)
Who we are (yeah)
Who we are

We all know who we are (You know and I know)
Who we are
Who we are (You know and I know)
We all know who we are (yeah)
Who we are
Who we are

We know (see a sign)
I know (see a sign)
Hey hey
I know I know (yeah yeah)
You know and I know (yeah)

We all know who we are
Who we are
Who we are
