Love (your love)  
Takes me (takes me)  
Out

I'm here to try to tell my story  
I know I'm shakin' but I got to state my case  
I don't need no doctor  
I don't need no shrink - No!  
I don't need no woman that can drive me off to drink

But your love takes me straight the hell on out of here  
I don't know what's in your love but it hypnotizes me -  
yeah  
You can keep that voodoo to yourself - to yourself  
Cause one hit was enough for me I had too much  
myself - ho

Your love takes me out

I don't know just where I've been but it takes me off the  
count  
Your love takes me out - It takes me out

It's get the best of me and it makes me want to shout.  
Want to shout  
Yeah, yeah

Your love excites me now, it takes me out  
Your love excites me now, it takes me out

Yes I need my baby, no I don't mean maybe  
Yes I need my baby, now  
Say you'll be my baby  
Cause those other guys are lazy  
I know they'll drive you crazy and how

Yes I need my baby, no I don't mean maybe  
Yes I need my baby, now  
Say you'll be my baby  
I know it might seem crazy  
But I think that's what you make me now

Love (your love)  
Takes me (takes me)  
Out  
(Oooh)

Hey  
ah ah hey  
yeah yeah

My friends are trying to see just what is wrong with me  
Since I never acted quite this way before  
When you move your hips  
I start to lick my lips  
And before I knew I've embarrassed myself more - ho

Maybe if I hurry I can shake your love cold turkey  
Cause I never thought I need nobody else - yeah yeah  
I'll go head and be just what you want me to be  
As long as you promise to keep it hot - whew

Your love takes me out

I don't know just where I've been but it takes me off the  
count baby  
Your love takes me out - It takes me out

It gets the best of me and it makes me want to shout.  
Want to shout

Your love excites me now, it takes me out  
Your love excites me now, it takes me out

Yes I need my baby, no I don't mean maybe  
Yes I need my baby, now  
Say you'll be my baby  
Cause those other guys are lazy  
I know they'll drive you crazy and how

Yes I need my baby, no I don't mean maybe  
Yes I need my baby, now  
Say you'll be my baby  
I know it might seem crazy  
But I think that's what you make me now

Love (your love)  
Takes me (takes me)  
Out  
Your love (love)  
Takes me (takes me)  
Your love

(Whoop)  
I want to say  
(Whoop)  
Make me say  
(Whoop)  
I want to say  
(Whoop)  
Make me (yeah) say  
(Whoop)  
I want to say  
(Whoop)  
Make me say  
(Whoop)  
I want to say  
(Whoop)  
Make me (yeah) say

Ow , ow, ow, ow, ow, ow, owwww

Hey, your love takes me out  
Your love takes me out

I don't know just where I've been but it takes me off the  
count - yeah  
Your love takes me out

It's get the best of me and it makes me want to shout.  
Want to shout

Your love excites me now, it takes me out  
Your love excites me now, it takes me out

Yes I need my baby, no I don't mean maybe

I know they'll drive you crazy and how

Yes I need my baby, no I don't mean maybe

Say you'll be my baby  
Cause those other guys are lazy  
I know they'll drive you crazy and how

Your love excites me now, it takes me out  
(Repeat until fade out)
