Cover me in Blush,  
I'm a sugar rush,  
My stare,  
Like a millionaire,  
Cover me in cream,  
Handle me with care,  
I'll meet you in your dreams,  
Love me if you dare

It's so bizarre that you wanna be a star,  
When everyone who is just doesn't quite fit in,  
But if you wanna make it to the very top,  
Then you gotta get with me, I will show you how it feels,  
Th-th-this is gonna take every inch of your skin,  
Every bone, every limb, but do you really wanna know.  
You bought a Louis that you saw in a movie,  
You just wanna go far  
I can take you there.

If you can treat me  
Right I can show you the way,  
I'll let you play with me

Cover me in Blush,  
I'm a sugar rush,  
My stare,  
Like a millionaire,  
Cover me in cream,  
Handle me with care,  
I'll meet you in your dreams,  
Love me if you dare

Let me take you to Chanel  
Cause you look like hell,  
Give a brave smile  
Yeah your easy to sell,  
Fix you up, then fix you down,  
And hide your scars,  
Cause the world will start to play you  
Like a guitar  
Now it's time to brush your hair,  
Pretend that you care,

Just don't melt in the spotlight glow.  
Don't you know life's not grand,  
I'll steal your man,  
While your doing drugs with Lindsay Lohan

If you can treat me  
Right I can show you the way,  
I'll let you play with me

Cover me in Blush,  
I'm a sugar rush,  
My stare,  
Like a millionaire,  
Cover me in cream,  
Handle me with care,  
I'll meet you in your dreams,  
Love me if you dare(X2)

Shut your mouth  
And let's just try to make you look more beautiful,  
Smoking crack with Britney Spears,  
Well that's just the usual,  
It's not my fault the Jonas Brothers  
All fucking tricky,  
Lets well aware,  
I'm just being Miley

Cover me in Blush,  
I'm a sugar rush,  
My stare,  
Like a millionaire,  
Cover me in cream,  
Handle me with care,  
I'll meet you in your dreams,  
Love me if you dare(X2)
