Through the consequence
Through the consequence
Through the consequence (disco disco)
Have you ever danced?
Have you ever danced?
You ever danced that disco shit?

(disco disco)

I'm unwrapping my skin
It's under control
I'm my own next victim
I want you to know

Wear my disguise, inside the masquerade
As I plan my, I plan out my escape
I don't want money
Just remember my name
The red lights on

My name is Romance
My name is Romance
My name is Romance (disco disco)
Have you ever danced?
Have you ever danced?
You ever danced that disco shit?
Leave it up to dance
Leave it up to dance
Leave it up to dance (disco disco)
Have you ever danced?
Have you ever danced?
You ever danced that disco shit?

I traded my eyes in for velvet and gold
Our lips open wide and don't let me go

Take off the mask
And live like royalty
It's all I have
From here to infinity
We try not to hide

No I just can't resist
No I just can't resist

If you want a taste
Then come take a bite
You wanna hate me
Theres no room to fight
I'm dressed to impress
But who gives a fuck?
I'll give you a show

My fame you will suck
Knee pads and diamonds
I can't help myself
Sprinkle some sugar
It can't eat itself
I'll kill you with kindness
And murder your face
Your outline in chalk
The last thin you'll taste

Did we enjoy ourselves, when we destroyed ourselves?
Whatever happens, we're fine
We're on our last life, we'll make no compromise
Whatever happens, we're fine

Did we enjoy ourselves, when we destroyed ourselves?
Whatever happens, we're fine
We're on our last life, we'll make no compromise
Whatever happens, we're fine

Have you danced that disco shit?
Have you danced that disco shit?
Have you danced that disco shit?
Disco shit?

Through the consequence
Through the consequence
Through the consequence. (disco disco)
Have you ever danced?
Have you ever danced?
You ever danced that disco shit?

My name is Romance
My name is Romance
My name is Romance (disco disco)
Have you ever danced? Have you ever danced?
You ever danced that disco shit?
Here it comes again
Here it comes again
Here it comes again (disco disco)

Have you ever danced? Have you ever danced?
You ever danced that disco shit?

I'm unwrapping my skin
It's under control
I'm my own next victim
I want you to know
I traded my eyes in
For velvet and gold
Our lips open wide
And don't let me go
