You gimme gimme gimme love and I dropped it  
You gimme gimme gimme love and I lost it

Left right left, retrace my steps  
I swear I had it right here  
And these things just don't disappear  
Back and forth I break a sweat  
Promise I guard it with my life  
So much for do or die

Everything that means nothing to me, I got for keeps  
Saying I can't live without, somehow I break into pieces  
Somehow I never learn my lesson  
And you you're no exception

You gimme gimme gimme love and I dropped it  
I think I got a hole in my pocket  
You gimme gimme gimme love and I lost it  
I think I got a hole in my pocket

You gimme gimme gimme love and I dropped it  
I think I got a hole in my pocket

High and low I'm searching I look for  
The faces that I know maybe they'll take me to you  
Run in place so I'm going nowhere  
I end up where I start  
Right back at your broken heart

Everything that means nothing to me I got for keeps  
Saying I can't live without, somehow I break into pieces  
Somehow I never learn my lesson and you you're  
no exception

You gimme gimme gimme love and I dropped it  
I think I got a hole in my pocket  
You gimme gimme gimme love and I lost it  
I think I got a hole in my pocket

You gimme gimme gimme love and I dropped it  
I think I got a hole in my pocket

Slippin' right down my fingers  
Oh, I can't believe it  
It's all just happening so fast  
So answer me this  
What if I could fix it  
Would you give me another chance  
Can I have a little love

You gimme gimme gimme love and I dropped it  
You gimme gimme gimme love and I lost it

You gimme gimme gimme love and I dropped it  
I think I got a hole in my pocket  
You gimme gimme gimme love and I lost it  
I think I got a hole in my pocket
