"So Feirce"

Visit "[So Feirce](#)" on MotoLyrics.com

You taste like heaven baby
A brand new craving lately
Surround me - I'm drowning
Let me hit this - so delicious

[pre chorus:]
You make me feel..
So fierce

[CHORUS:]
Take it off - take it off
Don't stop - don't stop
You're my prescription baby
I'll take you... now take me
Outlast me - I'm crashing
Heartsick passion - forever lasting

[pre chorus:]
You make me feel..
So fierce

[CHORUS:]
Take it off - take it off
Don't stop - don't stop
You're so sweet but you gotta know something
I want it, need it gotta gotta have it my way
(X 4)
Take it off - take it off
Don't stop - don't stop (X 2)
