I am a product  
I am a symbol of endless hopeless fruitless aimless  
games  
I'm a glossy package on the market shelf  
My contents aren't fit for human consumption  
I could practically injure your perfect health  
My ingredients will seize up your body's functions  
I'm the dirt that everyone walks on  
I am the orphan that nobody wants  
I am the stair that everyone walks on  
I am the leper that nobody wants to touch (much)

I am a sample  
I am a scapegoat of useless futureless endless  
mindless ideas  
I'm the number on a paper you file away  
I'm a portfolio that you stick in the drawer  
I'm the fool you try and scare when you say:  
"We know all about you of that you can be sure"

Well I don't want your crazy system  
I don't want to be on your files  
Your temptations I try to resist them  
Because I know what hides beneath your smiles

I am a topic  
I am a subject for useless futureless endless mindless  
debates  
You think of ways that you can hide me from the naive  
eyes of your figurehead  
But don't you find that it ain't easy?  
Wouldn't you love to see me dead?  
Your answer is to give me treatment for crying out  
when you give me pain  
Leave me with no possible remnant  
You poke your knives into my brain

I'm an example  
I'm no hero of the great intelligent magnificent human  
race  
I'm part of the race that could all spare possessions  
Part of the race that's wiping itself out

I'm part of the race that's got crazy obsessions  
Like locking people up not letting them out

I hate the living dead and their working factories  
They go like sheep to their production lines  
They live on illusions; don't face the realities  
All they live for is that big blue sign that says:  
"Ford"  
I'm bored, bored, bored

I am a product  
I am a symbol of endless hopeless fruitless aimless  
games  
I am a sample  
I am a scapegoat of useless futureless endless  
mindless ideas  
I am a topic  
I am a subject for useless futureless endless mindless  
debates  
I'm an example  
I'm no hero of the great intelligent magnificent human  
race  
(The great intelligent magnificent human race)  
The great intelligent magnificent human race
