Holding on It's very hard to do when love is gone
And thats no lie
Holding on It's very hard to do when love is gone Hey
Hey Hey yeah

Bet you your unhappy I know you gotta be
Cause it can drive you out your mind

There ain't no sense in crying its time for you to leave
And baby thats the bottom line

I bet you lie awake nights never rest a bit
And wish it all would disappear yeah
But still the bottom line is you got to deal with it
And to yourself at least be fair

Said Holding on It's very hard to do when love is gone
And thats no lie
Holding on It's very hard to do when love is gone Hey
Hey Hey yeah

HA ha ha Who are you kiddin
Doo doo doo doo
HA ha ha Who are you kiddin
Doo doo doo doo
HA ha ha Who are you kiddin
Doo doo doo doo
HA ha ha Who are you kiddin
Doo doo doo doo

Said Holding on It's very hard to do when love is gone
And thats no lie
Holding on It's very hard to do when love is gone Hey
Hey Hey yeah

Bet you your unhappy I know you gotta be
Cause it can drive you out your mind

There ain't no sense in crying its time for you to leave
And baby thats the bottom line

I bet you lie awake nights never rest a bit
And wish it all would disappear yeah
But still the bottom line is you got to deal with it
And to yourself at least be fair

Said Holding on It's very hard to do when love is gone
And thats no lie
Holding on It's very hard to do when love is gone Hey
Hey Hey yeah

I said, Hey, I said
Listen to me now When You know when the feelings
gone
Then You've got to stop Holding on
Cause That makes it twice as bad
You can't give love that you don't have
So why drag it on and on and on

Said Holding on It's very hard to do when love is gone
And thats no lie
Holding on It's very hard to do when love is gone
