Call my number  
26 and three-quarters  
Turn down the lights now  
Let's do it again

You were insatiable  
I was more than capable  
And you fought in my corner  
Would you do it again?

You, you- you're walking around  
Can you see tears on this clown?  
I said one more time around  
Let's do it again

Said 'Call my number'  
26 and 3/4  
Turn all the lights down  
Let's do it again

You were insatiable  
I was more than capable  
And you fought in my corner  
Would you do it again?

You, you- you're walking around  
Can you see tears on this clown?  
I said one more time around  
Let's do it again

Let's do it again
