Knee deep at the NPL

We went out dancing it was time we had fun
We didn't leave 'til three I know we're not the only one's
When we got outside the snow had started to fall
I made a ball I threw it at Gavin because he's tall

Now we have this snow up to our knees
A Walking wonderland is always bound to please
I know it's true to say my smiles been weak
I wonder if you know by now I've fallen deep

I can hear you calling to me in the morning
How can I be falling in love with you
I can hear you calling to me in the morning
How can I be falling in love with you

You can offer me a penny for my thoughts
They're not worth a damn they're not worth a lot
I've been getting loose with my tongue and my hands
How can I expect you to understand who I am?

I can hear you calling to me in the morning
How can I be falling in love with you
She's doing her own thing
Still making my heart sing
She is moving along to the beat of a song
It's true
I'll keep you safe and warm tonight
I'll keep you safe and warm tonight
I'll keep you safe and warm tonight
