It was early every morning before the sun came up  
Me and Jay in the water we could never get enough  
We'd stay there until the sun went down  
And when we got out yeah we'd just hang around  
I wish I could go back  
I can't stop looking back I don't know why  
Everything looks better in my eyes that's old  
I just laughed when I got rolled  
I just laughed when I got rolled  
I'm still looking for  
I'm still looking for the good days  
The kind that never come  
That's the place I met my first love  
She's the girl I couldn't stop thinking of  
Sometimes I wonder if she looks the same  
And if I saw her would she know my name  
And I know I can't go back  
I can't stop thinking about those days

And all the memories that you can't change are old  
I just laughed when I got rolled  
I just laughed when I got rolled  
I'm still looking for  
I'm still looking for the good days  
The kind that never come, oh I know they'll never come  
I'm still looking for  
I'm still looking for a good way  
To remember all I've done  
I didn't need no television I had so much more  
Behind the neighborhood liquor store  
I didn't have to watch pay-per-view to learn to fight  
Because the neighborhood boys taught me right  
And I can't stop thinking about the way everything  
looked better yesterday  
And I'm told I just laughed when I got rolled  
I just laughed when I got rolled
