Svaki dan po kaficima
pijem kafu sa mladicima
po buticima vucem se
po sto puta presvucem se

Ref.

Ooo...bas je dobro biti ja
bas je dobro biti ja
Ni sa kim se ne bih menjala
bas je dobro biti ja
Ooo...baÅ¡ je dobro biti ja
baÅ¡ je dobro biti ja
i kad bih se opet rodila
ja bih opet bila ja

Ja nikada ne propustam
nijedno desavanje
ja izlazim onda kad
kad svi krenu na spavanje

Rap:

Good morning, here's your fifth double espresso
there is a place waiting for you everywhere, you're feeling so good sister
from the apartment to the car Dolce Gabbana
Cavalli from the car to the apartment, and everyday like that
Good evening, is the Moet Chandon for you?
I'm sorry I'm drinking only Dom Perignon
Others would give everything for a minute in your skin
because wherever you go, you make noise
