Army ads looked cool-I signed right up
Besides, it was the only way could find a job
"Great place to start" and see the world
Womanize at discos
And fake going nuts
To scam infirmary drugs

So send in the clowns
The NATO circus is here to protect you
Your choice must be ours
Yankee corruption
Or the big bad Soviet threat

Don't you feel secure
Sending our Top Guns guard your sky
Flying their fighter planes upside down
Stoned out of their minds

For a real hot time
How 'bout an air show crash?
Or a G.I. riding a stolen tank
Through downtown Manhattan
And off the riverbank
Where he drowns

Fall in with the clowns
Remember-
NATO is here to protect you
With nuclear bombs
That come to visit
And decided to stay

[Chorus:]
Attack!
Attack!
Of the peacekeepers
Attack!

The charge of the joke brigade
In charge
We can blow up the world
More times than you

We'll show 'em
We'll show 'em
With radioactive subs

We'll show 'em
We'll show 'em
With missiles in your back yard

Guarded
By soldiers
On acid during night watch
And generals who care only
For fat pensions and bribes

If that don't scare the commies nothing will
Cept maybe our Bradley tanks tripping over themselves
Both powers have one goal in common
To keep Germany divided
Never strong enough to start another world war

Occupied by the clowns
Is it really you NATO is here to protect?
With Berlin type walls
When they came to visit
We all decided to stay

[Chorus]
