Featuring Steven Dante

They say that time is the only cure
To heal the hurt of a broken heart
I say you never can be sure
No no no
If you don't try and make a brand new start
In my mind love was just a dream
Like a fairytale
But you gave me the reason to believe that I should
give it one more chance

[Chorus]

There's no doubt about it
I can't do without it
This is the real thing
Ain't no way around it
Love has finally found me
This is the real thing

You take me higher than I've ever gone
Yes you do
And in the way that makes me feel secure
Your love is the one that warms me to the bone
Yes you do
And every day you give a little more
When I think about the loves gone by
And what I've been through
I'm convinced this one is right
Girl there's nothing left to prove

[Repeat Chorus]

Every minute, every hour
I can feel the power
This is the real thing
Love is not a fiction
Love is not a trick
This is the real thing

Oh it's so easy now
Looking in your eyes

When love comes so naturally
It's meant to be
Now I found the real love
But it is
I don't feel the same
I don't feel the same

And every day you give a little more
When I think about the loves gone by
And what I've been through
I'm convinced this one is right
Girl there's nothing left to prove

[Repeat Chorus]

Is this the real thing baby
Real thing
It's the real thing, real thing
Is this the real thing baby
Real thing
This is the real thing, real thing
This is the real thing baby
