I will be the one  
Who takes you out for more than fun  
Yes, we'll go dancing.  
Nothing fancy,  
Cause you'll always be my girl.

Lovely is the light  
That shines within in your eyes tonight  
So there I've said it.  
Won't regret it  
Cause you'll always be my girl.

All the stars will shower us with smiles  
For only you and I to feel  
So unreal  
And if the sky should ever shower frowns  
All we can do is settle down and say,  
"Tell me that you'll always stay."

Caught between the fences  
Of your hips and my own senses  
I go crazy.  
It's so amazing.  
That' you'll always be my girl.

I know it's not polite  
For both of us to spend the night  
But I can't help it.  
My heart just melted  
When you said you'd be my girl.

Though I know you've had your share of pain.  
Share it with me,  
Share everything.  
It's okay.  
Together we can carry all this weight  
Just talk to me.  
Don't hesitate,  
Tell me that you'll always stay.

All the stars will shower us with smiles

For only you and I to feel  
So unreal  
And if the sky should ever shower frowns  
All we can do is settle down and say,  
"Tell me that you'll always stay."

I've waited all my life  
To find a friend more than a wife  
and now it's coming true.  
I've got no love for the blues  
Because you'll always be my girl.

It's been a long time coming  
All this joy that's in the plumbing  
of my beating heart  
I knew it from the start  
That you'd always be my girl.

Always be my girl.  
Always be my girl.
