It's old news on the radio
How you broke through and how you let it go.
So all could see how good it feels to be free
Your digging up all your old playmates.
crossing your fingers back at the garden gates.
Cause planted seed don't always grow a family tree.

And you can call on your brother (to understand)
And you can call on your sister (To make amends)
Although the feud in this family is through now that we
live together.

Fast willys' back from Mexico.
He traded all his missils in for mistletoe.
Changed his plea how good it feels to be free.
So You married candy with a silicone doubt
Yes she tasted so sweet until the money ran out.
Now he's back for his seeds handing bullets to the new
nominee.

So you can call on your brother (to understand)
you can call on your sister (To make amends)
Although the feud in this family is through now that we
live together.

So you can call on your brother (to understand)
you can call on your sister (To make amends)
Although the feud in this family is through now that we
live together.

Break out the teargas and sufferagy now.
We're gonna' talk about the good old days of
cigarettes and dynamite.

So you can call on your brother (to understand)
you can call on your sister (To make amends)
Although the feud in this family is through now that we
live together.
(there's no rest for me)

You know the future is here when you pretend we live

together.
