Fluorescent tides  
you're mine tonight  
Under fireflies  
Your eyes surprise  
Stars alight I feel like I am dreaming

In the dead of night  
you hold me tight  
Under crescent moons  
Our romance blooms

Dawn is breaking in the early morning cries for you  
Who'd have known one night would lead to this?

Yes my dear I'm falling  
I'm falling (falling for you)  
Heart beats, lost sleep, it's all over you  
Ooooo o o o  
Forever and a day

Skinny dip  
Kissing your wet lips  
such a cheeky face  
naked swimming race

Dawn is breaking and the early morning shines for you  
There's no other place I'd rather be

Yes my love, I'm falling  
I'm falling (falling for you)  
Heart beats, lost sleep, it's all over you  
Ooooo o o o  
Forever and a day

And if you go my heart you'll be taking too  
So please be careful and kind  
And if you go  
My love I can't wait to be with you again  
You're in my heart, in my mind

Now I know I've fallen  
I do (Ooooo)

Tell me you feel it too  
Ooooo o o o
