Jem: She's too much of a rebel
She'll land you in a stew
She's a bad influence(bad influence)
A bad influence on you

Misfits: Hey, the kid's a goody goody
She hasn't got a clue
She's a bad influence(bad influence)
A bad influence on you

Jem: Keep away she'll lead you astray
There's something up her sleeve

Misfits: Use your head, you'll be misled
The girl's a fool
and too naive
too naive

Jem: You'll end up in hot water
Misfits: She'll break your heart in two
Jem: She's a bad influence
Misfits: Bad influence
Together: A bad influence on you

Jem: A bad influence
Misfits: Bad influence
Together: A bad influence on you

Pizzazz: She's no good for you, baby
