Don't care if you're rich or poor
None of that means a thing
You have a place in my heart
Whether you're a peasant or king
What we feel is what we feel
All the rest is no big deal
What we have is good and true
And it's only between me and you
Did you think I'd change my act
Finding your secret out
I liked your style from the start
That's what it's really about
Between me and you
If you are with or without

I don't really care
We can work it out
We know what we share
What we feel is what we feel
All the rest is no big deal
What we have is good and true
And it's only between me and you
(We know what we feel)
What we feel is what we feel
All the rest is no big deal
(We know what we feel)
