I'm gonna hunt you down  
Whatever it takes  
I'm gonna hunt you down  
Make no mistakes  
I'll find where you are  
You won't get very far!

I'm gonna hunt you down  
I'm hot on trail  
I'm gonna hunt you down (I'm gonna hunt you down)  
I never fail  
I bag all my prey  
You'll never get away

You're in sorry shape  
There's no chance you'll escape  
I'm right on your track  
Hey where you goin?! (Come back!)

I'm gonna hunt you down  
I'm hangin in tough  
I'm gonna hunt you down (I'm gonna hunt you down)  
I've had enough  
Stop thinkin your free  
Nobody gets past me! (Hunt! Hunt!)

I'm right on your track  
Hey where you goin?! Come back! (Come back!)

I'm gonna hunt you down  
Whatever it takes  
I'm gonna hunt you down! (Hunt! Hunt! Hunt!)
