Imagine me  
Free from care  
Light as a feather floating on air  
Imagine me  
Can't you see how lovely it would be

Imagine me  
breezing through  
Never a worry nothing to do  
Imagine me  
What a lovely fantasy

Everything's going my way  
Everything's rolling along  
No pain, no strain  
I can't complain  
Life is a happy song

Imagine me  
Coasting by  
Solving my problems easy as pie  
Life as simple as ABC  
Baby just imagine me

Imagine me  
Imagine me!
