Mozart really knows the score
Beethoven has the beat
Old papa Bach made the harpsichord rock
And Peter Tchaichovsky made them move their feet
Now they're rockin down through time
Rockin' down through time
They're still in their hearts
Still on the charts
Rockin' down through time
Gershwin was a man of notes
And Glen Miller led the band
Lenon stood tall ahead of 'em all
Elvis deserves a hand

Now they're rockin down through time
Rockin' down through time
Their time may be gone but their music lives on
Rockin' down through time
Now they're rockin down through time
Rockin' down through time
They're still in their hearts
Still on the charts
Rockin' down through time
